

LAS VEGAS

Las Vegas is pure exuberance, where anything goes... or almost anything! It is also called "Sin City". What happens in Vegas, stays in Vegas... Las Vegas is renowned for its countless casinos, its reputation as a party town, its bright and colorful neon lights, its fantastic hotels, its theaters, and its plethora of shopping opportunities.

FABULOUS LAS VEGAS !

WHAT TO DO

Most of what there is to see in Las Vegas is concentrated along **"the Strip"**, a 6-kilometre stretch of **Las Vegas Boulevard**, roughly between the Stratosphere and the Mandalay Bay Hotel. The best way to explore it is on foot with a good pair of shoes, or by taking one of the city buses that run along the Strip between the different attractions.

THE STRAT★

What better way to get to know a new city than with a breathtaking bird's-eye view from high in the sky? That is what you will find at the **STRAT**, a **350-metre** tower that has dominated the Strip since 1979. The best time to visit is in the evening, when you can marvel at the lights of the city. In addition to enjoying spectacular panoramic views, you can even try one of the heart-stopping rides outside the observation tower... Yes, outside: at the very top of the tower! Not for the faint of heart! Summit attraction schedules vary.

WELCOME TO FABULOUS LAS VEGAS

"WELCOME TO FABULOUS LAS VEGAS" SIGN

What could be a more typical Vegas experience than to have your photo taken next to the famous "Welcome to Fabulous Las Vegas" sign? If this is something that interests you, you will find the sign on the **Las Vegas Strip**, near the Mandalay Bay Resort & Casino, at the south entrance of the city. You can get there by bus: take the Deuce Bus or the SDX (Strip & Downtown Express), get off at the Mandalay Bay and walk south for about 15 minutes. If you prefer to drive, there is a **small 12-space parking lot** next to the iconic sign. Note that you can only enter the parking lot when heading south on Las Vegas Boulevard (not accessible when driving north). There are no spaces for RVs, but people still pull over and park at the side of the road when possible.
